

351.402(f)(2) to file a certificate regarding the reimbursement of ADs prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the ADs occurred and the subsequent assessment of double ADs.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751 and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: September 17, 2014.

Gary Taverman,

Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Tow Behind Lawn Groomers and Parts and Thereof From the People's Republic of China: Final Results of Sunset Review and Revocation of Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Commerce.

DATES: Effective September 23, 2014.

SUMMARY: On July 1, 2014, the Department of Commerce (the Department) initiated the first sunset review of the countervailing duty order on tow behind lawn groomers and parts from the People's Republic of China. See *Initiation of Five-Year ("Sunset") Review*, 79 FR 37292 (July 1, 2014) (*Initiation*). Because the domestic interested parties did not participate in this sunset review, the Department is revoking the countervailing duty order.

FOR FURTHER INFORMATION CONTACT:

Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-5255.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2009, the Department issued the countervailing duty order on tow-behind lawn groomers and parts from the People's Republic of China.¹ On July 1, 2014, the Department initiated the first sunset review of this order.² We did not receive a notice of intent to participate from domestic interested parties in this sunset review by the deadline date.³ As a result, the Department determined that no domestic interested party intends to participate in the sunset review, and on July 21, 2014, we notified the International Trade Commission in writing that we did not receive a notice of intent to participate from domestic interested parties.

Scope of the Order

The scope of this order covers certain non-motorized tow behind lawn groomers, manufactured from any material, and certain parts thereof. Lawn

¹ See *Certain Tow Behind Lawn Groomers and Certain Parts Thereof from the People's Republic of China: Antidumping Duty Order*, 74 FR 38395 (August 3, 2009).

² See *Initiation*.

³ See 19 CFR 351.218(d)(1)(iii)(A).

groomers are defined as lawn sweepers, aerators, dethatchers, and spreaders. Unless specifically excluded, lawn groomers that are designed to perform at least one of the functions listed above are included in the scope of this order, even if the lawn groomer is designed to perform additional non-subject functions (*e.g.*, mowing).

All lawn groomers are designed to incorporate a hitch, of any configuration, which allows the product to be towed behind a vehicle. Lawn groomers that are designed to incorporate both a hitch and a push handle, of any type, are also covered by the scope of this order. The hitch and handle may be permanently attached or removable, and they may be attached on opposite sides or on the same side of the lawn groomer. Lawn groomers designed to incorporate a hitch, but where the hitch is not attached to the lawn groomer, are also included in the scope of the order.

Lawn sweepers consist of a frame, as well as a series of brushes attached to an axle or shaft which allows the brushing component to rotate. Lawn sweepers also include a container (which is a receptacle into which debris swept from the lawn or turf is deposited) supported by the frame. Aerators consist of a frame, as well as an aerating component that is attached to an axle or shaft which allows the aerating component to rotate. The aerating component is made up of a set of knives fixed to a plate (known as a "plug aerator"), a series of discs with protruding spikes (a "spike aerator"), or any other configuration, that are designed to create holes or cavities in a lawn or turf surface. Dethatchers consist of a frame, as well as a series of tines designed to remove material (*e.g.*, dead grass or leaves) or other debris from the lawn or turf. The dethatcher tines are attached to and suspended from the frame. Lawn spreaders consist of a frame, as well as a hopper (*i.e.*, a container of any size, shape, or material) that holds a media to be spread on the lawn or turf. The media can be distributed by means of a rotating spreader plate that broadcasts the media (broadcast spreader), a rotating agitator that allows the media to be released at a consistent rate (drop spreader), or any other configuration.

Lawn dethatchers with a net fully-assembled weight (*i.e.*, without packing, additional weights, or accessories) of 100 pounds or less are covered by the scope of the order. Other lawn groomers—sweepers, aerators, and spreaders—with a net fully-assembled weight (*i.e.*, without packing, additional weights, or accessories) of 200 pounds

or less are covered by the scope of the order.

Also included in the scope of the order are modular units, consisting of a chassis that is designed to incorporate a hitch, where the hitch may or may not be included, which allows modules that perform sweeping, aerating, dethatching, or spreading operations to be interchanged. Modular units—when imported with one or more lawn grooming modules—with a fully assembled net weight (*i.e.*, without packing, additional weights, or accessories) of 200 pounds or less when including a single module, are included in the scope of the order. Modular unit chassis, imported without a lawn grooming module and with a fully assembled net weight (*i.e.*, without packing, additional weights, or accessories) of 125 pounds or less, are also covered by the scope of the order. When imported separately, modules that are designed to perform subject lawn grooming functions (*i.e.*, sweeping, aerating, dethatching, or spreading), with a fully assembled net weight (*i.e.*, without packing, additional weights, or accessories) of 75 pounds or less, and that are imported with or without a hitch, are also covered by the scope.

Lawn groomers, assembled or unassembled, are covered by this order. For purposes of this order, "unassembled lawn groomers" consist of either (1) all parts necessary to make a fully assembled lawn groomer, or (2) any combination of parts, constituting a less than complete, unassembled lawn groomer, with a minimum of two of the following "major components."

(1) An assembled or unassembled brush housing designed to be used in a lawn sweeper, where a brush housing is defined as a component housing the brush assembly, and consisting of a wrapper which covers the brush assembly and two end plates attached to the wrapper;

(2) A sweeper brush;

(3) An aerator or dethatcher weight tray, or similar component designed to allow weights of any sort to be added to the unit;

(4) A spreader hopper;

(5) A rotating spreader plate or agitator, or other component designed for distributing media in a lawn spreader;

(6) Dethatcher tines;

(7) Aerator spikes, plugs, or other aerating component; or

(8) A hitch, defined as a complete hitch assembly comprising of at least the following two major hitch components, tubing and a hitch plate regardless of the absence of minor components such as pin or fasteners.

Individual hitch component parts, such as tubing, hitch plates, pins or fasteners are not covered by the scope.

The major components or parts of lawn groomers that are individually covered by this order under the term "certain parts thereof" are: (1) Brush housings, where the wrapper and end plates incorporating the brush assembly may be individual pieces or a single piece; and (2) weight trays, or similar components designed to allow weights of any sort to be added to a dethatcher or an aerator unit.

The scope of this order specifically excludes the following: (1) Agricultural implements designed to work (*e.g.*, churn, burrow, till, *etc.*) soil, such as cultivators, harrows, and plows; (2) lawn or farm carts and wagons that do not groom lawns; (3) grooming products incorporating a motor or an engine for the purpose of operating and/or propelling the lawn groomer; (4) lawn groomers that are designed to be hand held or are designed to be attached directly to the frame of a vehicle, rather than towed; (5) "push" lawn grooming products that incorporate a push handle rather than a hitch, and which are designed solely to be manually operated; (6) dethatchers with a net assembled weight (*i.e.*, without packing, additional weights, or accessories) of more than 100 pounds, or lawn groomers—sweepers, aerators, and spreaders—with a net fully-assembled weight (*i.e.*, without packing, additional weights, or accessories) of more than 200 pounds; and (7) lawn rollers designed to flatten grass and turf, including lawn rollers which incorporate an aerator component (*e.g.*, "drum-style" spike aerators).

The lawn groomers that are the subject of this order are currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting numbers 8432.40.0000, 8432.80.0000, 8432.80.0010, 8432.90.0030, 8432.90.0080, 8479.89.9896, 8479.89.9897, 8479.90.9496, and 9603.50.0000. These HTSUS provisions are given for reference and customs purposes only, and the description of merchandise is dispositive for determining the scope of the product included in this order.

Determination To Revoke

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party files a notice of intent to participate, the Department shall, within 90 days after the initiation of the review, issue a final determination revoking the order. Because domestic interested parties did

not file a notice of intent to participate in this sunset review, the Department finds that no domestic party is participating in this sunset review. Therefore, consistent with 19 CFR 351.222(i)(2)(i) and section 751(d)(2) of the Act, we are revoking this countervailing duty order effective August 3, 2014, the fifth anniversary of the date the Department published the countervailing duty order.

Cash Deposit and Assessment of Duties

Pursuant to sections 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the Department will instruct U.S. Customs and Border Protection (CBP) to terminate the suspension of liquidation of the merchandise subject to this order entered, or withdrawn from warehouse, on or after August 3, 2014. The Department intends to notify CBP 15 days after publication of this notice to terminate the suspension of liquidation and to discontinue the collection of cash deposits on entries of the subject merchandise, entered or withdrawn from warehouse, on or after August 3, 2014. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and countervailing duty deposit requirements. The Department will complete any pending administrative review of this order and conduct administrative review of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

The Department is issuing and publishing the final results and this notice in accordance with sections 751(c) and 777(i)(1) of the Act.

Dated: September 17, 2014.

Ronald K. Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

Ball Bearings and Parts Thereof From Japan and the United Kingdom: Preliminary Results of Antidumping Duty Administrative Review; 2010-2011

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting administrative reviews of the antidumping duty orders on ball bearings and parts thereof (ball bearings) from Japan and the United Kingdom. The period of review (POR) is May 1, 2010, through April 30, 2011. We preliminarily find that ball bearings from Japan and the United Kingdom have been sold at less than normal value during the POR. We are also rescinding the review with respect to certain producers/exporters.

DATES: *Effective:* September 23, 2014.

FOR FURTHER INFORMATION CONTACT: Michael Romani or Thomas Schauer, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0198 or (202) 482-0410, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 15, 1989, the Department published the antidumping duty orders on ball bearings and parts thereof from Japan and the United Kingdom in the *Federal Register*.¹ On June 28, 2011, in accordance with 19 CFR 351.221(b), we published a notice of initiation of administrative reviews of 43 companies subject to these *Orders*.²

On July 15, 2011, pursuant to a decision of the Court of International Trade (CIT) that affirmed the International Trade Commission's (ITC's) negative injury determinations on remand in the second sunset review of the antidumping duty orders on bearings from Japan and the United Kingdom, the Department revoked the *Orders* and discontinued these administrative reviews.³ On May 16, 2013, the United States Court of Appeals for the Federal Circuit (Federal Circuit) reversed the CIT's decision and ordered the CIT to reinstate the ITC's affirmative material injury

determinations.⁴ Subsequently, on November 18, 2013, the CIT issued final judgment reinstating the ITC's affirmative injury determinations.⁵ As a result, the Department reinstated the *Orders* and resumed these administrative reviews.⁶

We rescinded the administrative review of ball bearings from Japan, in part,⁷ for all firms for which we initiated a review except for Bosch Packaging Technology K.K., Bosch Rexroth Corporation, and Hagglunds Ltd.⁸

Scope of the Orders

The products covered by the *Orders* are ball bearings and parts thereof. The product is currently classified under the Harmonized Tariff Schedules of the United States (HTSUS) item numbers 3926.90.45, 4016.93.10, 4016.93.50, 6909.19.50.10, 8414.90.41.75, 8431.20.00, 8431.39.00.10, 8482.10.10, 8482.10.50, 8482.80.00, 8482.91.00, 8482.99.05, 8482.99.35, 8482.99.25.80, 8482.99.65.95, 8483.20.40, 8483.20.80, 8483.30.40, 8483.30.80, 8483.50.90, 8483.90.20, 8483.90.30, 8483.90.70, 8708.50.50, 8708.60.50, 8708.60.80, 8708.93.30, 8708.93.60.00, 8708.99.06, 8708.99.31.00, 8708.99.40.00, 8708.99.49.60, 8708.99.58, 8708.99.80.15, 8708.99.80.80, 8803.10.00, 8803.20.00, 8803.30.00, 8803.90.30, 8803.90.90, 8708.30.50.90, 8708.40.75.70, 8708.40.75.80, 8708.50.79.00, 8708.50.89.00, 8708.50.91.50, 8708.50.99.00, 8708.70.60.60, 8708.80.65.90, 8708.93.75.00, 8708.94.75, 8708.95.20.00, 8708.99.55.00, 8708.99.68, and 8708.99.81.80. The HTSUS subheading is provided for convenience and customs purposes. A full description of the scope of the orders is contained in the Preliminary

⁴ *NSK Corp v. United States International Trade Commission*, 716 F.3d 1352 (Fed. Cir. 2013) (*NSK May 2013*).
