

TECHNOLOGY, INNOVATION & STRATEGY FOR THE ENTIRE RAIL SUPPLY CHAIN

Rail technology is changing

Rail Live! is an exhibition and sponsored conference that brings together an all encompassing rail show with a high level, strategic conference about all that is exciting and innovative in the rail sector.

The exhibition will showcase the full range of innovation in the sector from civil engineering, to construction, track innovation, new machine tools and rolling stock.

The conference will concentrate on how new technologies (such as machine learning, BIM, IoT and additive manufacturing) are being applied to a very traditional industry (from construction to tracks to stations and maintenance) with revolutionary new outcomes for operators and their partners.

Join us at Rail Live! 2023 to

- **Showcase** your rail services and innovations to a busy exhibition of 10,000 visitors looking for solutions to streamline their operations.
- **Share** your big picture insights on the keynote stage, to an audience of 2,000 rail operators, government agencies and infrastructure managers.
- **Dive** deeper into the issues in our 12 focused conference themes, full of decision makers from the global rail industry.
- **Benefit** from one-on-one meetings with rail leaders from the global industry throughout the 3 days of Rail Live!

AND A WHOLE LOT MORE...

is the must attend event for operators, infrastructure managers, rolling stock manufacturers and their suppliers, academia and government seeking to make rail the go-to mode of transport on a global scale. It is the place for market knowledge, innovation and new business for the entire supply chain.

WHAT'S NEW FOR 2023

World Class Exhibition

Rail Live! brings together 250+ innovation driven exhibitors who provide solutions tailored to your company's needs. It is the place for the rail community to create new partnerships, demonstrate new capabilities and unveil new innovative technologies.

Careers Zone

Recruitment, training and retention at all levels remains a huge struggle for the industry. Rail Live will serve as a place where people can explore what a career in rail entails and give companies the opportunity to attract new talent.

Academic Poster Zone

Innovation comes from the partnership between academia and industry. We will be featuring a poster zone where academics can showcase the latest research areas they are working on and how these ideas will make it onto the track.
