Nahalako-Feasls Ltd.	www.somonepkar.hu, www.nahalako-feasls.com	Agriculture and food industry	Our family owned company produces premium quality 100% pure natural fruit juices. The fruits are coming from the Somló hill region of Hungary, from our own lands and from orchards we supervise: our products are made from natural ingredients and contain no preservatives, no coloring agents, no additives, no sugar or no added water. Hand-harvested, assorted fruits used. We begin processing the fruits immediately after harvest. Our products are made from natural sedimentation. Thanks to our thermal-cooling technology our product retains the original fruit content of vitamins and minerals. We do not use any chemicals in our plant. We chose the fruits with the highest natural sugar content. We use the best quality ingredients depending on one's preferred taste, and at the same time to meet the needs of modern health conscious lifestyle.
